

## **X5105\_FW\_V1\_0\_04\_build006.xgf – Firmware Update description**

**2018.01.28**

---

### **NOTE:**

- 1. Before updating the firmware, please read the update tutorial carefully;**
- 2. After operating, old parameters will be lost, so we must refer to the X5105 system configuration table to re-setting all parameters, then saving and power off and on again.**

---

### **Firmware Update description**

- 1. Firmware version number has been upgraded to FW\_V1\_0\_04 build006.**
- 2. Improved the CIV control instruction set.**
- 3. Optimized frequency synthesizer configuration.**
